

Helping Hands to Houston

(Photo from WCCO - localized flooding in Southern MN)

Dear MNVA Families -

As most of you are aware, southern portions of Minnesota were hit hard in the past month with torrential rains and terrible flooding. The end result was wide-spread loss for families in the area.

One of the communities impacted the most was our own Houston area. Many MNVA families and staff members reside in the Houston area, as it is the home-base for MNVA.

In an effort to reach out a helping hand to the Houston community, a fund has been established through Eastwood Bank. As a school community, we would like to donate to the fund to help out those in need.

If you would like to contribute by donating to the relief fund, you will be able to do so at your local "Open House" (please contact your homeroom teacher for local Open House information). Contributions will be accepted in the form of cash or check (made payable to "Houston Area Emergency Relief Fund"). Please place your donation in a sealed envelope and give it to your homeroom teacher. He or she will collect all donations and one large check will be given to the fund on behalf of MNVA families and staff.

Thank you in advance, from the staff here at MNVA, for extending a helping hand to Houston. A little help from each of us will make a big difference for those in need!
